TEAM TECHNICAL SERVICES

Serving the Greater Florida Area

LIFE SCIENCES

Sanitary Fittings, Hose Assemblies, Tubing & Gaskets

Sanitary tri-clamp fittings, weld, bevel seat, I-Line, Q-line and other pipe fittings & gaskets

Critical cleaning applications, robust washers

High purity platinum silicone tubing and hose assemblies

a Garlock Hygienic Technologies company

Gaskets, O-rings, hose assemblies and seals

Single use systems: tube material including PVC, LDPE, and platinum cured

PTFE hose assemblies with crimped end fittings

Gaskets, O-rings, and seals

Sanitary & Diaphragm Valves

High purity diaphragm valves, SS custom fabrication

Diaphragm valves for media control and regulation, hygienic valves

Sanitary ball, diaphragm and check valves

Ball valves, actuation solutions, linear control valves, custom engineered valves, hygienic valves

Tank bottom and weirless radial diaphragm in-line valves

Stainless steel ball valves, pneumatic and electric actuators, and valve accessories

Instrumentation Dryers & Calibration Equipment

Innovative level control with guided wave radar and point level control

Level & analytical measurement products

Pressure gauges: vacuum, absolute and differential temperature measurement and transmitters

Desiccant air dryers for humidity sensitive applications

Precision measurement: automatic pressure calibrators and controllers

Precision measurement: automatic pressure calibrators and controllers

Dehumidification systems, compression air systems, service for air treatment solutions

Solutions for measuring and analyzing moisture, oxygen, liquid, steam, and gas flow

Instrumentation fittings, valves and regulators

Pumps & Process Observation Equipment

Peristaltic case drive, dosing and metering pumps

Filling, capping and single use systems

Sanitary centrifugal pumps suitable for use in CIP (clean-in-place) installation

Tank observation, sight and gauge glass windows, visual flow indication and gauge glasses
